

## Dimension table - V-Ring type AX

| Material | Temp. (°C) |
|----------|------------|
| NBR      | -60/+115   |
| FPM      | -40/+230   |

## Dimension table - V-Ring type AX

| For shaft diameter<br>$d_1$ | Inside diameter<br>$d$ | Order Number |
|-----------------------------|------------------------|--------------|
| 200 - 205                   | 192                    | V-200AX      |
| 205 - 210                   | 196                    | V-205AX      |
| 210 - 215                   | 200                    | V-210AX      |
| 215 - 219                   | 204                    | V-215AX      |
| 219 - 224                   | 207                    | V-220AX      |
| 224 - 228                   | 211                    | V-225AX      |
| 228 - 232                   | 215                    | V-230AX      |
| 232 - 236                   | 219                    | V-235AX      |
| 236 - 240                   | 223                    | V-240AX      |
| 240 - 250                   | 227                    | V-250AX      |
| 250 - 260                   | 236                    | V-260AX      |
| 260 - 270                   | 245                    | V-270AX      |
| 270 - 281                   | 255                    | V-280AX      |
| 281 - 292                   | 265                    | V-290AX      |
| 292 - 303                   | 275                    | V-300AX      |
